

Bad Weather Blues

Chorus:

I got the blues,

Making crying motions with hands under eyes.

Bad weather blues.

It's not good news

Shake head to say "no."

To have the blues.

Rain's here to stay.

Wiggle fingers like falling rain.

Won't go away.

Can't go to play.

No, not today.

Shake head to say "no."

Lightnin' and thunder.

I'm hiding under

Crouch down as if hiding under chair.

My Auntie's chair.

'Cause I'm safe there.

(Chorus)

I hear the rain.

Point to ear.

It's such a pain

To stay inside.

I don't want to hide.

Shake head to say "no."

(Chorus)

The sun's come out.

Open arms wide in circular motion.

I want to shout.

Place hands around mouth.

The rain is gone.

Must be this song.
